

MISSION Guayaquil, Ecuador
January 2012

I have been in many meetings where Jesus walk throughout the people. Sometimes touching them, Himself or warmly smiling or even softly crying in acceptance of the devotion of the people present.

I have been to many meetings where The Presence of The Holy Spirit was so strong The Glory Cloud covered the entire room.

But I have never been to a meeting where Father God, Jesus Christ and The Great Holy Spirit was present at the same time. Now I have been.

Pastor Hector Zapata announced me and I walked up the steep steps to the pulpit as my translator Gregory followed me. I was warmly welcomed by the 300 or so people. As I acknowledged the congregation. I said, Hallelujah and felt like I was being embraced. Feeling a warmth surrounding me, I said "I have never done this before" then I slipped off my shoes, " This is Holy Ground."

Then I walked back down the steps into the people, as they responded to that announcement clapping and saying amen. It was as if I was there but then like I wasn't.

Immediately The Holy Spirit covered me, was I being infolded by Wings, I am not sure? It was as if I had raised up off of the floor. I just know I felt warm and secure Then The Holy Spirit, through me started to softly yet powerfully sing," Holy, Holy, Holy, Holy, Holy, Holy are You God."

The man on the keyboard was touched by this Glorious Presence also and continued to beautifully play a melodious melody along with this declaration that was being sung.

As I walked around the very large, open Church, it was as though I was looking at the people through a cloud and I felt more like I was gliding as I passed by the people I could perceive that we were one and were taken away into a realm of Heavenly Peace and Contentment. We were all caught up, caught away into this place of wonder.

Holy, Holy, Holy, Holy, Holy, Holy are you God, You are Glorious, Magnificent, You are Beautiful and Wonderful, You are Mighty and Powerful, You are God, Our Creator, You are our Healer and Savior, You are our Deliverer and Conquer, You are God! Holy, Holy, Holy, Holy, Holy, Holy are You God.

This went on for twenty minutes or so I am not sure how long really. All I know is that we were raptured into a very rare place.

Then The Lord God Himself started to Prophecy. He announced that He was there, that His Son Jesus was Present and His Holy Spirit. He spoke of how He permitted His Precious Son Jesus to come to earth and how very much He loved Him, saying it was not easy to make that decision, how it tore Him, how it grieved Him to let Jesus come to earth to die. But He allowed it for one reason, as I pointed to this man, this women, this child He said, "YOU!"

Father said because of My Love for each one of you. I let My, Beloved Son suffer and die on that cross. Because of My Love and Eternal Hope for you. Jesus spoke, as He reminded us of the scripture, "And if you were the only one I would have come and died just for you."

I permitted My Son to come and when He came out of that cool, dark grave He succeeded in announcing, "IT IS FINISHED" with the victory of the Resurrection.

Yes, all you need to have life in abundance was accomplished, as forty days later My Son Rose to be with Me, We sent back to you Power through The Blessed Holy Spirit. Now you have The Power to live for Me. I give you that power through My Son and My Holy Spirit.

The weight of His Presence was very powerful. It was almost fearful and yet liberating. The atmosphere was electric yet warm and inviting.

Then He said, "Ask anything right now and I will grant it."

He spoke on how important it is that we forgive anyone that has hurt and

offended us. Reminding us that we can not get forgiveness from Him if WE do not forgive. He was very strong on this.

He said that we must walk in love and tenderness with one another. And that our time left here on Earth is very short. Not to cling to the ways of the world but to come and stir ourselves up in the knowledge of Heaven our eternal home to really seek Him to make time much more time to be in His Presence. In doing this the passion of earth will change to Passion for Him.

Then The Lord had me go to certain people asking them what they wanted from Him. And we would pray give a word and go on to someone else. It was so beautiful. Conformation on starting a new business. He said, "Yes, structured it on my principles and give me the Praise, it is a go."

As I walked up face to face to a couple, they began crying clinging to each other, admitting that their marriage was in trouble. As I begin to see things calling them out, praying for them feeling and witnessing The Presence of the Lord wipe it all away, all the doubt, fear, pain the uncertainties and un forgiveness as you would wipe chalk from a chalkboard, He took it from them.

Then I pronounced them Man and Wife, and ask them to seal this move of God on their life's with a kiss. It was just Beautiful.

For days I have tried to form words to express to you all that happened all that not only I felt and experienced but my Director Pastor Manizzi, my translator Gregorio and also my team here.

The Pastor Hector of this Church, a Church of Excellent's is going to write a testimony. I will send that when I get it.

I have set at this computer praying and thinking how I could communicate this time there in The Presence of the Living Triune God. It was beyond Awesome there are no words.

Only this, when the altar call for Salvation was given there were about fifteen people that ask The King of Glory to be their Savior and Lord and to fill them with The Holy Spirit.

All Glory, Honor and Praise to YOU; Papa God.

January 12-23, 2012

1/16/2012, Monday Night:

Walked into tiny, tiny Church. About six foot by twenty foot. The music so loud it hurt my head the speakers were huge. The guitar was beautiful the women pastor Maria a wonderful singer just so loud. We got there at 7:45 they played until 8:50.

Sang, oh how He loves you and me. Spoke on 1 Corinthians 3: 17-18 how we become more like him when we hang out with Him. Keeping ourselves like Him. He was like our Heavenly Father, and did what He seen our Father do.

There were oh about twenty people in all there. It was packed out. There were six people outside.

Pretty soon I said is anyone want to have Jesus in your hearts. There was solder lady she turned out to be 76 that was in a wheelchair. From the minute she came in she started crying. She cried the entire service. Now I am asking for those who want Jesus.

The lady that wheeled her in turned out to be her daughter, they both came two feet to accept, the another lady on the wall on the other side, which was another daughter came forward. Then two more women, that was a lot of people in that little congregation.

Then people wanted healed. Almost all of them. Then young man came up after I prayed for his two month baby son and wife and said I feel something going on but I don't know what. He ask Jesus in his heart then he got filled with the Holy Spirit. And about ten more including his wife got spirit filled. Then Natalie my translator and friend said, here this lady gave you this present, by now most of the chairs are all stacked and we are all standing in the middle of the floor.

I feel a bit irritated this is no time for a present, with all this going on. But Natalie insists, she reaches in the sweet looking little bag and brings out a note. Awwww look she said the lady wrote you a note. I have got people standing all the way around me wanting prayer, and she wants me to listen to this note. With a sad compassion voice Natalie says, oh it says please help me, Ok now I am listening, it says will you. Baptize me.

Well here we are Dear Lord You never cease to amaze me. This was one of the five ladies that received Jesus as Savior, so I ask for water and received a pitcher. Seven people including the young couple with the baby was Baptized as I took a small hand full of water and said, I baptize you in The Name of The Father, scooped up a hand full And The Son, scooped up another hand full and said and The Holy Spirit. It was a solemn and joyful at the same time there were many tears of happiness.

Not over yet did some serious ministering to the Pastor and her husband for twenty minutes. It was nearly 11:00 when services were over. Natalie, Johnathan and I we t to McDonalds for sandwiches.

What a nightWOW!
