

## **MISSION Asuncion Paraguay**

**April 2012**

I have returned from Mission Ecuador with great rejoicing as I had the honor of speaking and preaching His Holy Name. There were 13 Meetings in eleven days. Giving the Hope of His Being and sharing His Promises.

For the rest of the year I will be taking two more missions trips. One to the Philippines and another in July to Venezuela. We are beginning with the Philippines as we have been invited to preach crusades in Kabankalan and Cabadbaran, Philippines June 16-28th. We will also be holding leadership training and pastoral strengthening meetings and workshops.

We are looking forward to the opportunity to reach into this nation of amazing people and are trusting God to meet the financial need for this evangelistic outreach.

I am asking all of my friends if they would prayerfully sow a \$20.00 seed into the harvest field of the Philippines. I am trusting God that together we will reap a tremendous harvest of souls, and see people set free of sickness and disease and also set the captives free as we preach His Deliverance!

There are some who have never heard the good news of Jesus Christ and it is our hearts desire to herald this message to them helping to bring them out of the grips of darkness and into the Light of God's Kingdom Family!!

Will you be one to join us in reaching this nation with the Gospel of Jesus Christ? Your gift of \$20.00 will make an eternal impact in the lives of those on the other side of the world. June is just around the corner, so if you could send your reply to me as soon as possible so that I can take into account your offering of \$20.00 for this budget, I would tremendously appreciate it!!

Apostle called to speak His Holy Name around the world, to His Glory Honor and Praise.

## **MORE from Our Mission in Asuncion, Paraguay ...**

Truly a Jewel right in the heart of South America.

It was just after midnight when I arrived in Asuncion Paraguay. Waiting to warmly greet me were my Hosts Pastor Reinaldo Espinola and his sister Zulma.

It was through Zulma that I had communicated with for several months and she was the Coordinator of all the events that were planned.

We went right to the Bourbon Hotel. We made arrangements to meet for dinner the next day. The bed sure felt cozy after the long hours getting to my destination.

Thought out the time I was there it was such a tremendous blessing to have Zulma as a Professor speak Spanish as well as English.

We were having a nice dinner along with a great conversation getting to know one another Pastor Reinaldo, Zulma and I when I looked up and The Lord said, "Speak to him about Me," referring to the waiter.

I ask Zulma to please translate and we worked together as if we had done this forever. Thank You Holy Spirit.

I of course ask him the beautiful question. "Did you know that there are two Kinds of Handsome waiters that work in this city, and continued the inquiry?"

He ask Jesus in his heart and we all rejoiced with him. He went about his work and came back over excused himself and said in Spanish," may I ask you a question." I said," well, yes of course you can."

He said, "Am I the only one in this Hotel that you have ask that question of?" I told him yes that he was.

His eyes filled with tears and he told us that, just that very day his Mother had seriously spoken to him on the fact that he needed to get his life together, that he needed to change for the good. Again we rejoiced knowing that God used us as an answer to a Mama Prayer.

That was the beginning of the most amazing, wonderful time. And I want to emphasize Most, Amazing, Wonderful Time!

The atmosphere at each of the Churches was Holy yet Loving. I never met a stranger. It was as if we were connected. And we are by The Blood of Jesus. But

we knew it. They had hearts of Children in wonder.

The only strange challenge that I encountered was, let me tell you about it. At the Church Asambles De Dios Mision Paraguaya the Pastor Inocencio Lopez.

The Pastor introduced me, as I walked up to greet him, we looked deeply into each other's eyes and hot tears weld up in both of our eyes

We recognized each other in The Spirit. It was as if Fierce, Powerful, Lighting was touching and dispensing out Giant Rays of Love into the atmosphere. It was so unique, it was God!

We were transfixed for a few minutes. Yet it seemed like it was for a very long time. It was as if we touched the depth of one another's existence in The Lord God Almighty. I have never experienced that before. We were arrested in His Excellent Glory.

Pastor Inocencio and Eni

After I was introduced and gave a message. I called out words of knowledge about a physical situation. A lady raised her hand, I called her up. Prayed for her before the prayer was over she told my translator very quietly the pain is gone. I

was so touched because I could really feel the Great Anointing, and feel The Tremendous Presence of The Lord Jesus. That always blesses me.

The lady got up went to her seat. I called out another person. They had had pain for many years. Jesus immediately healed him. No pain. Wow, This is so great, Lord before the command is finished I can sense You are Healing them. But ... Something is not right. What is going on? Lord something is wrong what is it? He said look at their faces. There is no joy.

I said to the person and the next one, and the next. Are you happy that you are healed they sweetly would look at me and say, yes I am. I said tell your face.

I literally took my fingers and touched their lips and formed a smile on their faces.

Then when they got it, it got really fun. There was laughter, there was joy, there was Praise to A Living, Loving, Healing God, our Father Jehovah. The Healings were tremendous. The people got it.

A Lady Healed with severe back pain of many years. It was a exciting time. I became blessed, I began to realize as I laid my hands on each person that I was actually feeling The Presence of Jesus flow out down through my fore arms and then out my hands.

As I felt this, as it released the people began smiling and it was before the command was completely spoken that the healing was done! All that the people were reaching for was being done by God's Great Holy Spirit. That was very special being in that kind of atmosphere.

Oh how can I tell you the many miracles, the things that The Lord did. The

warmth the hope the tenderness the amazing healings even the deliverances. There were two men at difference Churches that were persuaded by loving family members to come forward to have prayer, because they were so involved in drugs

And one man was so drunk, I nearly got that way as he stood in front of me for prayer. But I tell you each man was set free and one of them is going to be going to the nations himself giving the message, that Jesus Saves, Heals and sets people free. Will go and preach for him one day.

And of course at all meetings, the message of the Greatest Miracle ever. The Salvation message was given. The Life Line thrown out.

Jesus came and lived He died, Came back from death to give us the chance for eternal life with His Father now yours, as you accept what Jesus did for you. Forgiveness of sin as you say, Jesus forgive me come into my heart. The Miracle, He does.

I have to tell you about two couples at two different Churches. One couple was in their seventies, the other couple in their eighties. Both couples have been married over forty years.

This was the cap to the whole Mission trip. Think their destiny may not be that much longer ... Here.

For the first time in their lives they ask Jesus to be their Savior. They were like sponges, just drinking in every word of God that was spoken.

Zulma told me that she had planned an hour at the Paraguay University and ask me if I would want to be a professor for an hour. Running around with Jesus is something else. The wonderful opportunities and great big surprises are really great! I was thrilled that I had an open door to speak to twenty two Young adults about Jesus.

It was amazing as we walked on the beautiful neat campus that on the pillar of one of the buildings was a large picture of Jesus the flyer was announcing a meeting coming up.

I spoke on the entire hour about making the monumental decision on following Christ as the guide and leader for their lives. So that they will be able to lead other's in their professions. Jesus will always help you.

Everyone eagerly prayed to receive The Lord Jesus as their Savior. What a blessing to be with them.

Each and every meeting was designed and orchestrated by The Lord.

For some that had, had chronic pain ...For Years. I tell you the truth in most cases I could feel The Lord's presence move through the person before the

prayer was done. I could see spiritually, it was supernatural, the pain lift and zoom away. It was so tremendously Glorious.

The Paraguay people are so very sweet and loving. It was a honor and pleasure to serve them in Jesus Name.

Zulma had another little day trip for me. Running with The Lord is never dull or boring. By now Zulma had become my Translator and good friend we had so much fun, even at the Pulpit.

Laughing, at certain times when the translation didn't quite work out. It was contagious. And the congregations were touched with silliness rather than confusion and they would join in enjoying the moment.

What a very special women of God Zulma is. I pray that God will forever allow me to be her friend. She blessed me in so many ways.

She ask me to go to the National Bank of Paraguay to speak at an hour Bible Study that they have. It sounded different. I have never been invited to speak at a Bank before. But it sounded Ok to me. Hey, as long as I can talk about The Lord, it is good.

It was one of those times that you just knew The Lord was so in control. It was delicious in a Corporation setting in the National Bank of Paraguay.

Probably twenty or so executives setting intently listening to The Majestic testimonies of His Majesty, Jesus Christ!

Then after two hours, a call for Salvation, then the invitation to be baptized into The Holy Spirit. They came forward to receive His Healing Touch. Slain in The Spirit. Sincerely drinking in The Rain of His Glory.

That night we returned to Pastor Reninaldo and Myrian Church, Church of The City. It was filled with people with great anticipation and expectations. And of course The Lord met every hope. A young man born without hearing never speaking The Lord, Jesus began to open his ears and for the first time The Pastor said: "I never heard him speak before." I believe for his complete hearing to manifest, in Jesus Name.

On my last night in Asuncion it was raining so hard the street were flooding, you could barely see outside driving for the rain was so coming down. "Humm wonder if this is any indication of the power of The Rain of His Glory flowing tonight." My meeting was in a Korean Church, Centro de Vida (Center of Life) Church with Pastor Diego Yang.

As I walked in, the Church was charged with uncertainty. For me it was exhilarating, because I sense a desire a hunger and eagerness to get more. Signs, Wonders, Miracles, Healings of course. But more was being asked, to understand Him to go beyond to His Hands to get to His Heart. To breathe His very Breath.

Several received Jesus as Savior and Lord. All that had extended their faith for was manifested. The Powerful Splendor of God over shadowed each person there. As I would lay hands on them according to Mark 16, The pain immediately stopped. The Altar was full of people as they were slain in His Glorious Presence and then the entire platform was full also of beautiful people as they too summited and became subject to His Majesty, being touched by the Brilliance of His Glory.

Heaven came down and Glory filled our souls. Thank You Lord, Thank You for Your special visitation.

One more stop before the night was over. It was after ten at night. Zulma and I had been invited over to a home for a Barbeque by a couple that I met at our first Church service when I arrived in Asuncion, Catalino and Merita Rivarola Mendez.

It was so much fun to relax and laugh and eat the most delicious meal. And more to set in The Lord's presence and enjoy one another in sweet. Fellowship.

Yet even there in a corner of the kitchen deep, powerful Hope, love and forgiveness was ministered. As a young one said Yes, to Jesus and ask Him into their life.

Pastor Inocencio, Catalino and Beautiful Mirta

Dear Ones of The Lord:  
My Family, Brothers and Sisters:

The Lord, God has called us as His children to take the Light of The World, The Breath of Life and Hope Jesus, to the whole world, even our neighbors and those in the Next County and state.

As you know The Lord has called me to the Nations. Nearly each month for the last year and a half I have gone to the nations. I have many that I will go to for the next year. Each place I go the Pastors and leaders ask when I can come back to minister to the people. Many lives are changed, rearranged. Because The Rain of His Glory Rains down wherever He calls me.

In the light of the challenge, I am asking for your help. It would greatly be appreciated if you would please consider supporting me in the following ways in this up coming year. I would so consider your prayers as rays of eternal lights that reaches The Throne of Grace for those that I will impact on the mission trips that God would provide the Wisdom and Courage not only to me but to those that receive from His Generous Hand.

Secondly, I would be blessed and honored if you would feel led to support me financially as well. As you know it takes finances to do even Kingdom work. You may not be able to go to the Philippines, Venezuela, Ecuador or Paraguay for The King but with your help I will continue to go. To God Be the Glory for the Things He Will do though US.
